This month...

The children have loved experiencing the different positioning/rotating/enclosing games and activities! They have used the laundry baskets to build themselves castles, using the Crazy Forts to build tall structures, and building caterpillar homes. They have also enjoyed building race tracks and mazes out of LEGO and magnetic blocks.

Next Month...

As the children are still very much interested in our current programming, we will be continuing supporting that learning! We are also very excited to have our very first Harmony Summer!! We have lots of fun activities planned for this month such as water days, art explosion, bike day, FitSet Ninja and much more! See you there!

Happy Birthday!!
