

March 2024 Newsletter

Reminders

- Ensure children are coming with weather appropriate gear!
- If doorbell does not work, please call the cellphone or knock on emergency exit door.

Dates to Remember

- April 1: Easter Monday (CLOSED)
April 19: PD Day (Celebrating Earth Day)

This month...

We have noticed that the children have shifted away from trajectory and have really been focused on connecting. We have begun building puzzles and building mazes out of LEGO. The children were surprised by the leprechaun over St. Patrick's weekend!

Next Month...

We will continue to support the children's journey through connecting. We plan to encourage the children to continue practicing and exploring their creativity through their art work, bracelet making, LEGO building and so much more! As our April PD Day approaches, we plan on celebrating the upcoming Earth day!

Happy Birthday!!
